This credential also authorizes the holder to teach English language development and specially designed academic instruction in English to English learners limited to the grade levels of the credential. When issued with a bilingual authorization, it allows the holder to teach English language development, specially designed academic instruction in English, primary language development and subject matter instruction delivered in the primary language to English learners limited to the grade levels of the credential.

The District Intern Credential with grades 6-12 authorizes the holder to teach the specific subject(s) named on the document in departmentalized classes such as those found in most middle and high schools. This credential also authorizes the holder to teach English language development and specially designed academic instruction in English to English learners limited to the grade levels of the credential. When issued with a bilingual authorization, it allows the holder to teach English language development, specially designed academic instruction in English, primary language development, and subject matter instruction delivered in the primary language to English learners limited to the grade level of the credential.
